

OLD FOLKS' MEETING.**GREENSBURG LETTER.**

First One at Scottdale a Happy and Inspiring Gathering.

JOINED IN ANCIENT TUNES.

One of the Prettiest and Most Touching Church Services Created Great Interest and Made a Joyful Day for Many Whose Days Are Fading Fast

From a Staff Correspondent

Scottdale May 24.—The Frosty Sons of Thunder are getting a new outlet to the world. The management of the Young Westmoreland & Somersett Railroad Company has arranged a schedule of trains between Latrobe and Somersett two hours will be run each way each day. The trip will be made in an hour and a half, according to the present arrangement, which will go into effect Aug.

This will greatly shorten the route of Somersett people to Pittsburgh and other points of interest. It is thought the road will have a generalivilizing effect on the country through which it passes and a quieting effect on those political interests which are plotted here.

Patent Coke Car Door

John Shaffer, a native of Scottdale, a son of the Rev. Jacob Coal Company, has secured a patent on a coke door which will be used instead of the usual coke holes. Two holes have been patented one for coker and one for coke oven.

People who know say it will be a great improvement over the coke ovens. The patentee expects to make a fortune out of the invention.

A Hero Miner.

Ward Kueck, a Russian, showed his heroism yesterday when he dug a mine full after being three hours from death house back down. The boys names and Harry Siles and John C. Siles were playing in the fall which was fenced in. One was overcome and the other two called for help. At the time Kueck reached them all three had fainted. He threw two boys out and then 500 pounds of him off. A Russian named Lovich beat him down and brought up the other boy and Kueck. The latter was dead. He leaves a wife and family.

Fires at Jarrettte

Just now there's a sensational fire at Jarrettte, this morning when Mrs. Anna Rorke discovered that a semi-thick window and was partially burnt. Her mother, Mrs. Mary Peters, who had burned the hem on Cook's dinner was dressed with a white of \$1.00. The fire started in a kitchen under their porch.

Took SealSkin Coat

Annie S. Lynn and Myrtle Brown registered at the Hotel Cape yesterday and were assigned to room 101 which contained a large double bed owned by Mr. and Mrs. J. W. McDaniel, formerly of Unionville, Conn. Mr. and Mrs. McDaniel have an example of the hotel's new action to follow a movement toward elimination of rooms within the next few days.

TOWER HILL FARM SOLD.

J. V. Thompson Gets Fine Body of Coal for \$1,250,000.

The Tower Hill Farm of 1,000 acres surface and coal in Beaver and Fayette townships has been sold by J. V. Thompson to John C. Dunn and Snowden of Louisville. The purchase price was \$1,250,000.

Remember so well at Bethel 30 years ago when they sang the tune "I'm a Poor Man" in unison as something led to a popular hymn.

At that time it was W. Steele's book. I was joined with the Buckwheat boys in our another success. They attended the land and gave birth to a Tower Hill farm. The Connells & C. L. and R. R. came through the farm the distance of a hillside, and this first lot of shingles included in making the work of developing the coal less expensive and difficult. He can add to the pictures of the public and the people about to see that's time's come, at one time.

That's time's come, at one time.

Letter to E. C. Higbee,

Connellsville, Pa.

Dear Sirs: What would be the result of sending you a bit of the old song? We could do it with pleasure.

We have no time to put it on paper, but we can do it with pleasure.

We have no time to put it on paper, but we can do it with pleasure.

We have no time to put it on paper, but we can do it with pleasure.

DUNBAR.

Events of the Day in the Busy Furnace Town.

Dunbar, Pa., May 24.—A movement is now being placed on foot here for the incorporation of a town. The order is what is known as the Klub name. Myself, Smith, and I are practical in its carrying out. It has a number of very commendable features which are greatly in its favor. It requires 25 persons to institute a corporation, and we have a number of men who can easily be secured. The order was originally incorporated in 1894.

Soldiers, veterans, working people, and farmers are anxious to join us, and who in connection carry on a working business started a subscription list for voter lists of last year. The members of the Klub are from San Francisco. A couple of events, they succeeded in raising \$50 which are to be used in the promotion of their cause.

A large force of men have been engaged at work on the B & O main line, repairing some repair work on the bridge located at this place. The repair necessitated the closing of the bridge for a time. The repairs were completed by the 20th. The bridge was closed for two hours. It was low, a perpendicular steel girder in the center of the bridge, which had been damaged by a train.

Miss Margaret Combs was just even

ing called to her home near here yesterday word that she had been

working about the state in the kitchen.

The word reached her mother's

home, but was not known.

John Niblog, who has been in the South during the past winter, returned home yesterday morning. After spending the greater part of the time he was away in New Orleans, he came back to his home, where he was received by his wife, Mrs. John Niblog, and young children who are all well. He is a man who has frequently figured in our papers in some very exciting vicissitudes, much of which he has written in his book, "The Man Who Would Be King."

A large number of people appeared about his home by having him pointed out the work he is doing by the railroad.

John Niblog will be observed before long in Pittsburgh, where he is planning to visit the several centers of his former home, and to see many of his old friends. He expects that he will be connected with Mr. George C. Marshall, who is known to all who are in any way connected with him or in honor and memory of the unknown soldier.

The Rev. G. M. Williams, of the First Methodist Church, will be in town on Saturday afternoon, and will speak at the meeting of the Somers County Fair Association, which will be held at the First Methodist Church.

John W. Wren, who has been a guest of Mr. and Mrs. S. J. Smith since Mr. G. L. Thompson returned from Tompkins, N.Y., is staying with them for a number of days.

Harry McRoberts, D. C., and William J. Morrissey, of Conemaugh, are down to Pittsburgh yesterday morning.

Barb Knobbe, of Connellsville, is up to town, and is staying with the old man in the star hotel.

John S. Johnson, of Conemaugh, is in the office of the Pittsburgh Standard.

Local and County officials are

concerned over the recent

murders of Conemaugh.

Railroad Officials Acquire Great Blocks of Stock Without Cost.

PATTON ON THE WITNESS STAND

Interesting Information Showing Gross Favoritism Extracted From Unwilling Witness by Interstate Commerce Commission

Philadelphia, May 24.—Further revelations concerning stock holdings in coal mining companies by officials of the Pennsylvania railroad were made when the interstate commerce commission resumed its investigation into the alleged discrimination by railroads in the distribution of cars.

Three high officials of the railroad—First Vice President John P. Green, Third Vice President Samuel Rua and William A. Patton assistant to the president at Philadelphia—were the important witnesses of the day.

Mr. Patton was under examination the greater part of the morning and was not unwilling to answer.

The persistent questioning of Attorney Green however brought out the fact that Mr. Patton had acquired stock the price value of which is \$307,000 in various coal companies without cost to himself. He explained that he had signed notes obligating himself for his share of his losses and declared it a belief that it was proper for him to accept the stock under those conditions.

Vice President Rua read a statement to the commissioners which he explained as of his stock transactions which he did not believe he was debarred from such ownership because of his connection with the railroad company. Mr. Rua said that most of his stock was acquired through his association with large purchasing syndicates which took up the coal properties for development.

Times Have Changed Says Green

Vice President Green said that 20 or 30 years ago it was not considered improper for an official of the railroad to own a coal company stock, but that conditions have changed and such holdings might now not be regarded in quite the same light as formerly. He informed the commissioners that the board of directors of the Pennsylvania railroad acting upon the information that had been brought out at the hearings had appointed a committee of five directors to make an investigation into the connection of its officials with coal companies. Mr. Green said he did not own a dollar's worth of coal company stock.

Mr. Patton admitted holding stock in the following companies: Keystone Anthracite, Luree, Hager, Hardwick, Connelville, Greenfield, Coopers and Henrie.

After further questioning, the information was extracted from Mr. Patton that he held 100 shares in the Atlantic Crushed Coal company which he had no paid a cent.

Mr. Patton said he was born in Western Pennsylvania and had been a close friend of Col. Huff. Friendship, he said goes a good way. These stocks were not given to him by friends but he had them in the companies. Some years ago he felt compelled to return them to the companies because of the development of the soft coal land. Then it was not considered a crime as it appears to be now for a railroad man to hold stock in a coal company. I have never attempted to conceal my ownership of coal company stock.

Other witnesses testified to stock ownership and to discrimination in the distribution of cars.

Chairman Kamm, former Senator Clegg and Judge Clements conducted the hearing last night. Mr. Clements left for Cleveland where he will continue his plans to conduct the hearing in the oil investigation beginning today.

USING PROBE TODAY.

Nasty Charges Against the Oil Trust Being Investigated at Cleveland.

MANY WITNESSES SUMMONED

Interstate Commerce Commissioners Prouty and Clements Will Conduct What May Be the Obsequies of Standard Oil in State of Ohio.

Cleveland May 24.—More than 50 witnesses have been subpoenaed to appear before the Interstate commerce commission which will take up the Standard Oil hearing in this city today.

Subpoenas have been issued for John R. Muller of Columbus and Frank Baird of Toledo, whose terms as state oil inspectors in the state and Northern Ohio have just expired. Other former oil inspectors, including Charles L. Lutz of Columbus, who also was asked to testify concerning the work of the Ohio oil inspection bureau and its relations with that bureau with the Standard company.

Captain engineers and traffic officers of several of the railroads entering Cleveland have been subpoenaed. They will be questioned concerning any special rates or secret rebates which the independent oilers claim have been granted to the Standard by the railroads.

Telegrams from Findlay state that Edward G. Nichols, president of the Standard company, an independent competitor, W. F. Beisselmann, J. E. Bicknell, a large independent producer, D. T. Davis, W. M. Taitt and E. C. Taylor, of that city, had all received subpoenas to appear before the commissioners.

Nothing Secret From Standard.

The Lester says today that the Standard Oil company is involved with copies of puffed telegrams sent or received by independent oilers in one of the starting charges stated in investigation during the Interstate commission hearings in this city.

"While officials and witnesses were gathering in Cleveland yesterday for the inquiry dispatches came from Lima telling of accusations by independent oilers against employees of the telegraph department of the Buckeye Pipe Line company, one of the Standard's largest concerns. In brief the story which the commission is asking to investigate is:

That owners, leasing or contractual right in 196,000 miles of track enable the company's employees to transmit to No. 26 Broadway the demands of the Standard company surreptitiously obtained of all messages going to or from independent oil men in the territory involved.

That daily reports of the oil run of the independent oilers to No. 26 Broadway in ample time for consideration at the daily meetings of the Standard officials.

Valuable Information Stolen.

That he puffed telegrams are not only of a business nature but in name or case, carry some political information of the highest importance has been transmitted to leaders.

It developed that no one whose presence would be desired by the commission have not been found by the subpoenas served. The principal one is Henry Aphorn, named as the local "publicity agent" of the Standard. A report had it that he was taking a vacation at Hot Springs, Ark. The other man not found is G. G. Taylor, manager of the refined oil and naphtha department of the Standard Oil company of Ohio.

The first witness to be examined today by Commissioners Prouty and Clements will be F. G. Westgate, a prominent producer, and son of Thomas F. Pa. The investigators hope also for the presence of State Senator Lewis Enlow, Jr., of Brad ford, Pa.

VANDERBILT.**Personal Chat From the New Borough Down the Yough.**

Vanderbilt, May 21.—The second ball game between Nunes' Selects and the Paul Givens was played Tues day evening. It was witnessed by a large and enthusiastic crowd. The game was repeated with many scintillating plays and sensational pinches. The play among the crowd was the highlight of the evening. In response to my question, who was the best player to have seen, the girl said, "How now?" I told her, "I am not trying to have two of these two out." He play of Nunes' Selects in the first game, but he over did it and when the second game was scheduled, he is unable to play as his arm was too sprained. In the first contest he proved that he was a second class player with a misfortune in the first game. He between these two out.

A Paramount Showing of Pretty White Parasols.

DOZEN upon dozen white parasols make them the dominant feature of our big parasol section. There's a reason. White is most in demand this season. It's doubtful if any other kind of sun shade will be used. That's why our showing of white parasols is so extensive. Why every kind of white parasol that is of this season's vogue is to be found in this complete and dainty assemblage. This is designed to show the newest thing, at all times and always in such fashion and variety of designs as to insure every one against disappointment. That's the reason why this showing of white parasols will be warmly applauded by Connellsville women.

Plain Linen Parasols, \$1.00.
